

"Empty Stage" - 4/11/17

VERSE 1 [female]

The lights have gone out
The crowds fade away
I can still here the music
ringing
When I see that empty stage
It's all packed up, and on the
road
The show is long over, it's
time to go
I take one last look, as
darkness falls
It starts to rain, I miss it all

CHORUS [female]

Everything with you and I is
said and done
We have had our time, we've
hade our fun
No matter how long it's
been, you'll be in my heart.
That'll never change
Still, when I think of you, all I
see is an empty stage.

VERSE 2 [male]

You say the spark's gone out
Before it grew into a flame
But I still hear that music
ringing
Whenever I hear your name

You see an empty stage, only
as the end

I see an opportunity, a
chance to start again

Please take another, before
darkness falls

Up here we could be
anything

I miss it all

CHORUS [male]

Everything with you and I's
NOT said and done
Yeah, we had some times,
we had some fun
But no matter how long it's
been, you'll be in my heart.
That'll never change.
Cause Babe when I think of
you, I still see that empty
stage.

BRIDGE

[female]

Let me go--

I need time to get my head
right

[male]

I want you to know
that I can't sleep at night

[both]

Without you--

Without you--

[female]

It's over now

Don't keep me hanging on

It isn't fair--

[male]

You know I won't give up

Babe, that's life

And love doesn't care--

[both]

Oh--

CHORUS

*[both sing, each their
respective version of the
chorus, overlapping]*

[male]

Up here, anything can
happen

Just give it a chance

FINAL CHORUS [female]

Everything with you and I...is
NOT said and done

Yeah, we've had some times,
we've had some fun

[both]

And no matter how long it's
been, you'll be in my heart.
That'll never change.

Babe when I think of you, I
see that empty stage.
